

COMPUTER

**Task specific lenses designed
for comfort during
near and intermediate activities.**

d.istinctive
COMPUTER

So many ways to see better.

Task specific lenses that are ergonomically designed to provide wide vision fields in the intermediate and near zones. These lenses are the perfect match for an office workspace. **An excellent suggestion as a second pair.**

TECHNOLOGIES

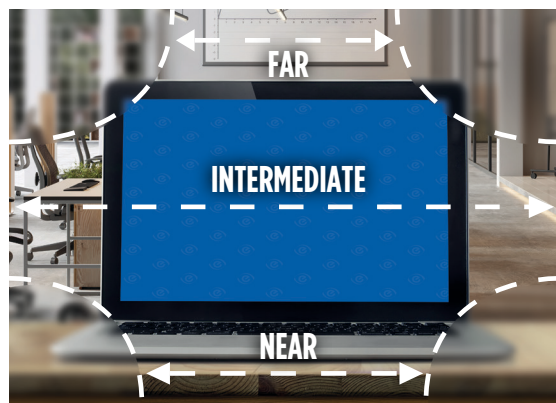

- The **Digital Technology™** from Essilor is an advanced technology to offer a customized lens.
- The **Back Side Optics Equalizers™** technology ensures the softness of the design for optimized vision fields.

CONSUMER BENEFITS

Distinctive Computer lenses are recommended **for patients who are working on tasks that require near and intermediate vision** like being in front of a computer. They provide a visual and physical comfort that **respect the natural posture and offer a blue light protection** against harmful blue-violet light*.
